

# Egremont Regeneration Partnership Castle Lighting Competition

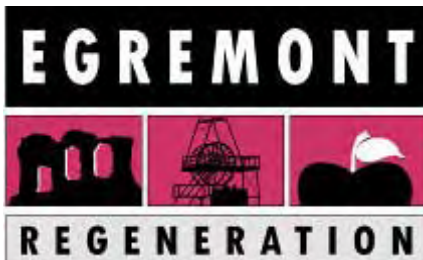

The presentation documents the entries for the competition which was to design a lighting scheme for Egremont Castle.

Castle Lighting  
Competition 2007

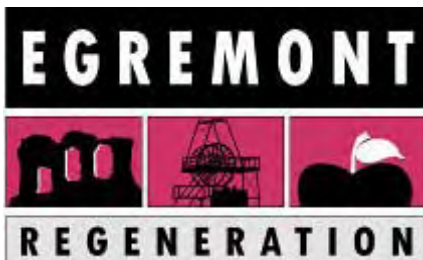

The competition was launched in January 2007 by Egremont Regeneration Partnership in conjunction with Creative Egremont

Castle Lighting  
Competition 2007

The aim was to get younger people from the Egremont area to think up new ways to highlight town's historical castle as a central feature in the development of the area and encourage them to take an active interest in the town's future regeneration plans.

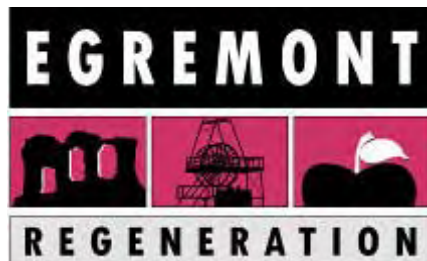

Castle Lighting  
Competition 2007

The competition generated over fifty exceptionally creative entries from local school children.

The broad range of entries included the use of lasers, fireworks, mobile phone texting, video projections and sustainable technology.

# The Winners

**Junior 7-11**  
**Catherine Lobb**

Catherine, aged 7 from Bookwell, loves being creative and thinks lighting the castle is a great idea.

Her suggestion involves having different coloured lights for each day of the week.

## Primary under 7 Emily Carson

Emily aged 5 had lots of ideas for lighting the castle including a web cam.

From Bigrigg, Emily attends Moor Row School and loves anything to do with art.

# The Winners

**Senior II+ and  
overall winner  
Jason Hayton**

Jason Hayton will have his proposal developed into a working design by professional lighting engineers as part of a permanent lighting scheme for the castle.

Castle Lighting  
Competition 2007

# The Winners

After Jason has worked with the lighting engineers to reach a suitable design, the scheme will be put forward for planning permission and scheduled monument consent.

Castle Lighting  
Competition 2007

It is currently planned for the lighting scheme to be switched on at the annual Egremont Torchlight Parade in November.

Jason Hayton  
in year 10BA  
gave the  
biggest individual  
contribution to  
this idea.

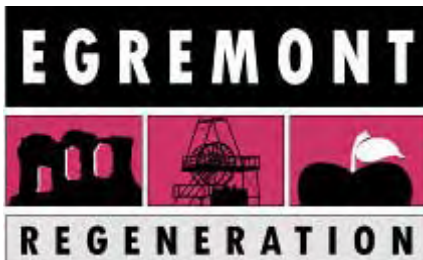

“This idea would be projected so the eyes matched up with the windows.

It is a golden plaque of King Henry III who granted Egremont’s market charter 1200AD.”

Keiran Wright  
year 8JP gave the  
largest individual  
contribution to  
this idea.

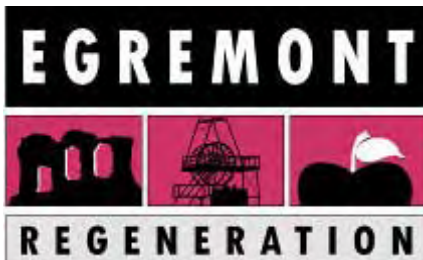

“Projected, perhaps with colourful filters, a rainbow  
common in our part of the world with frequent  
showers and occasional sunny spells.

It would be an optimistic image particularly in Spring  
and the depths of Winter”

## Other ideas

“You could have snowflakes falling at Christmas for example and other Historical Characters from Egremont’s past together with their names and dates.

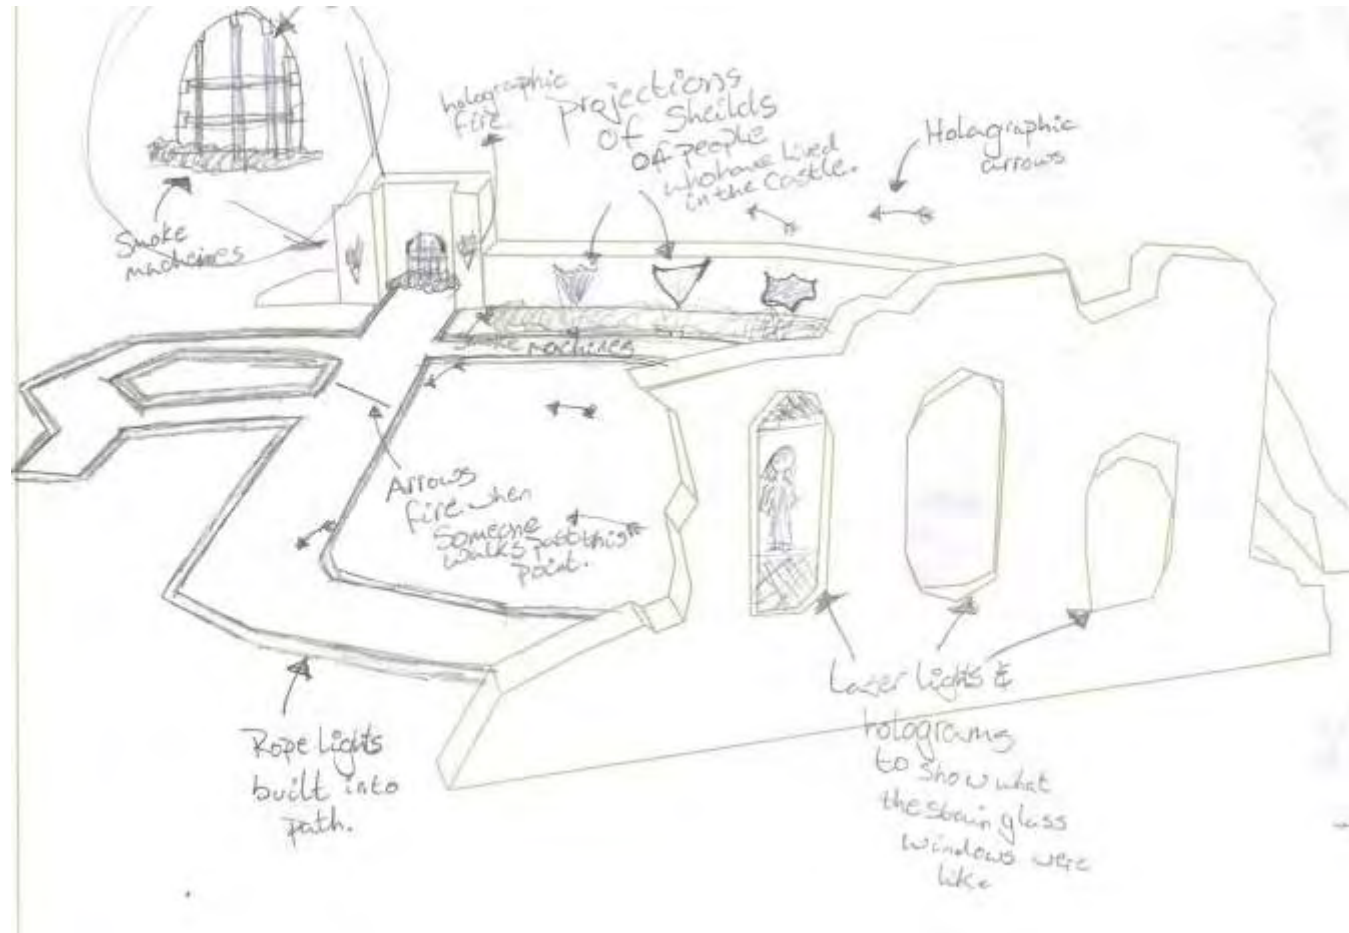

Previous and current Winners of The Crab Fair Gurning Competition could be projected.”
